ANALYSIS

This application is the second request for an Extension of Time of an approved Site Development Plan Review (SDR-8649). Title 19.18.050 deems a Site Development Plan Review exercised upon the issuance of a building permit for the principal structure on site, unless otherwise specified in connection with its approval. In the time since the original approval, the plans for the proposed development changed in January 2007. In addition, a building permit for the demolition of a building on the subject site was issued in July 2007, though no permit has been issued for the construction of the proposed development.

FINDINGS

The Site Development Plan Review (SDR-8649) has not met the requirements outlined in Title 19.18.050 to exercise the entitlement. The previous Extension of Time (EOT-25466) was granted for one-year. The applicant is requesting an additional two-year extension to develop the site according to the submitted plans. Staff is recommending approval with a two-year time limit. Conformance to the conditions of approval of Rezoning (Z-0046-02) shall be required.
